

基隆市 112 學年度學校辦理校長及教師公開授課

共同備課紀錄表

教學時間	113.03.19 10:20 am	教學班級	一年忠班
教學領域	英語科	教學單元	康軒 Unit 2 Fun with Shapes
教學者	鍾欣怡 教師	觀察者	沈憶伶 教師
		觀察後會談時間	113.03.22 14:40 pm

教材內容：

1. Unit2 Story : Fun with Shapes p.23-26

2. Different shapes and counting.

教學目標：

1. 跨領域教學(數學領域),認識不同形狀並能用英文說出: circle, triangle, square, rectangle

(補充: oval, diamond, semicircle, heart, star)

2. 結合數學領域:數數(one ~ ten) How many circles does the car have?

教學活動：

1. Story telling: Teacher plays the animation of the story, then ask the students several questions about the story.

Questions

- ✓ What's Buddy's toy? A robot.
- ✓ What's Max's toy? A shape board.
- ✓ What's Dora's toy? A doll and a bed.
- ✓ What's Leo's toy? A toy rabbit and a toy snake.

2. Introduce the shapes of circle, triangle, square, rectangle(補充: oval, diamond, semicircle, heart, star). Practice the words several times.

Activity 1~

- a. Give each student a piece of paper with shape on it.
- b. DemoT: What can you draw? S: I can draw a circle.
- c. Have the students do the activity as a pair
- d. After finish each question, students switch their cards and change partners.

Activity 2~

- a. Prepare different paper shapes.
 - b. Have Students creative pictures with the shapes.
- Then ask them "How many (circles/ triangles...) are there in this picture?"

教學評量方式：(使用 Ipad,讓孩子利用 Wordwall 來評測學習成效。)

1. Set a wordwall game and assign students to practice it.
2. When they finish the game, the app will show each student' s mark.

According to the records, we will see if the students absorb the teaching materials well.
